pelin Dirigible, Prospective Flagship of Aerial Navy.

BERLIN, October 17.—The newest and largest of the Zeppelin war airship, the LII, was destroyed in midair by an explosion at 10:15 o'clock this morning. All but one of the twenty-seven military men on board, including the entire admiralty trial board, were killed.

The disaster occurred just above the main street of the city of Johannisthal while the big dirigible, 500 feet long, was making a trial trip preliminary to its acaceptance as flagship of the new German aerial navy. The shattered hulk of the airship, a mass of blazing canvas and crumpled aluminum, dropped 900 feet into the public highway. Hundreds of people who had been watching the flight from parks and housetops rushed to the scene. There was nothing to be done except to take out the dead bodies of the victims of the disaster from the mass of twisted wreckage. Lieut. Baron von Blul of the Queen Augusta Grenadier Guards, who was making the trip as a guest, was the survivor of the wreck. He was injured and his condition is criti-

MISS DOROTHY AINSWORTH.

PLYMOUTH, Mass., October 17 .- A hint at evidence not yet revealed was given by the state at the resumption of the trial for murder of Mrs. Jennie May Eaton

This had to do with a typewritten document alleged to have disappeared from the Eaton home after the death of Rear Admiral Eaton. Dorothy Ainsworth, the younger of Mrs. Eaton's two daughters by an earlier marriage, was on the stand. District Attorney Barker asked her what she knew of such a paper. The defense objected, whereupon the district attorney He was formerly per-duce the document. The matter was not

FIVE MINUTES' SILENCE ON GOOD FRIDAY FAVORED

Organized and Judge Andrews Made Head.

NEW YORK, October 17 .- Any probability that the name of the Protestant Episcopal Church of America might be changed at this general convention was disposed of today by the house of deputies. This body adopted a report submitted by the committee on prayer book, which found that it was without jurisdiction to act upon resolutions proposing changes in the legal title of the church. .

The committee also recommended delay in considering the memoral from the diocese of California referring specifically to a change in the title page of the prayer book. This question should not be considered, the committee recommended, until disposition had been made of the proposal to amend the constitution so as to require a two-thirds vote to make the change. The proposed amendment has passed the house of deputies and awaits action by the house of bishops.

HUERTA WILL ADDRESS

Co-operation with other nations for the settlement of Mexican affairs was urged in the House today in a speech by Representative Sherwood, democrat, of Ohio. He declared President Huerta had "usurped" the prerogatives of government in Mexico, and that the time had come for foreign nations to take charge

of affairs, even to the extent of establishing an armed protectorate over that

"A crisis is now on that calls for immediate action on the part of the United States," said Representative Sherwood. "One of three courses is open to us; to raise the embargo on arms and encourage the Mexicans in their natural desire to kill each other; to enter the country for armed intervention, or to co-operate with the other nations of the world in exercising control over the settlement of Mexican affairs that will allow the establishment of a firm government there representing the views of the Mexican
